

January 2012

Dear Connecticut IAFF Member:

On behalf of the Officers, Executive Board and Staff of the Uniformed Professional Fire Fighters of Connecticut I would like to thank the leadership and entire membership of our Connecticut affiliated IAFF locals for your continued support.

Over the years our officers, staff and legal counsel have worked hard to support you and protect your benefits. We have developed good solid working relationships with elected officials in our cities and towns across the state, in our state capitol and with our entire congressional delegation in Washington DC. We have worked together with the Connecticut Fire Chiefs, the Joint Counsel of Connecticut Fire Service Organizations and other Labor Organizations in our state.

But now is the time not to let our guard down. In 2012 we will be faced with continued attacks on our profession on the local, state and national arenas and we must continue to be strong and united.

The Uniformed Professional Fire Fighters of Connecticut, IAFF will continue to do everything we can to represent you. Please follow us on our web site, Facebook and Twitter for breaking news and updates on issues that directly affect you and your family.

Thank you again for your work and continued support.

Peter S. Carozza, Jr.
Peter S. Carozza, Jr.
President
